Language

- English
- Afrikaans

Expertise

- Typescript
- React
- CSS
- Rust
- Next.js
- VS Code
- Git
- pnpm
- Figma
- Vercel

Experience

Software Developer

Netron

June 2024 - Present

- Developed and maintained web applications using TypeScript, React, and Next.js, contributing to a 20% improvement in load times through optimized coding practices.
- Designed UI/UX solutions, ensuring responsive and user-friendly interfaces.
- Implemented CSS best practices to enhance application aesthetics and functionality.

Junior Software Developer

Vulcan Labs

April 2023 - June 2024

- Assisted in the development of various software projects, focusing on front-end development with TypeScript and React.
- Participated in code reviews and pair programming sessions to improve code quality and team performance.

Software Intern

Netron

January 2023 - April 2023

- Developed prototypes and features based on project requirements, using Next.js for server-side rendering and improved performance.
- Collaborated with senior developers to enhance existing applications and implement new functionalities.
- Acquired hands-on experience with version control systems like Git and agile project management tools.

Education

Noordheuwel High School

Matriculation Certificate (Grade 12)
2020

Total Typescript Online Training

• Completed Total TypeScript online training courses
2024
